

EXPERIENCE

Architects Mosher Drew is committed to providing quality design services to our nation's military. Our Federal Design Studio is proficient in the latest design trends and highly experienced in federal standards, processes, and procurement. Architects Mosher Drew fully comprehends the Navy's, Marine Corps', and U.S. Army Corps of Engineers' requirements for designing aviation, simulator, headquarters, and training buildings. Our experience in creating these facilities allows us to understand facility requirements so we can anticipate problems and solve them before they happen. We use the Revit software so that we incorporate innovative design and planning solutions responsive to our client's vision.
